

Word Concentration

Objective

The student will read high frequency words.

Materials

- ▶ High frequency words (P.HFW.005 - P.HFW.064)
Choose 15-25 target words.
Copy word cards twice, laminate, and cut.

Activity

Students match high frequency words by playing a memory game.

1. Place word cards face down in rows.
2. Taking turns, students turn over two cards and read them.
3. If a match is made, the student keeps the cards. If a match is not made, put each card face down in the original spot.
4. Reverse roles and continue until all the matches are made.
5. Peer evaluation

Extensions and Adaptations

- ▶ Use other target words and make more cards to play game (Activity Master P.HFW.065).
