

Objective

The student will read high frequency words.

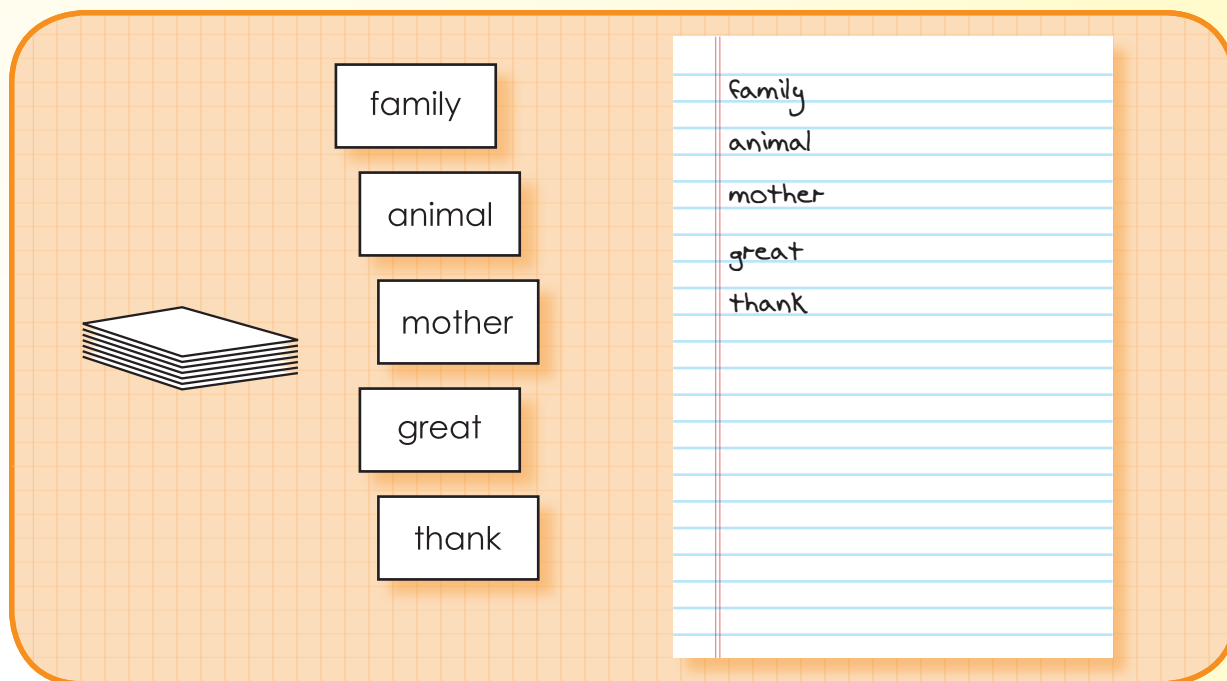

Materials

- ▶ High frequency words (P.HFW.005 - P.HFW.064)
Choose 20 - 30 words that students have learned to spell and write.
Copy cards, laminate, and cut.
- ▶ Paper
- ▶ Pencils

Activity

Students read and spell high frequency words.

1. Place word cards in a stack face down at center.
2. Working in pairs, student one selects the top card, shows it to student two, and reads it aloud. Student two reads the word.
3. Continue until all cards are read.
4. Student one chooses and dictates five of the words to student two.
5. Student two writes the words on paper and then spells orally as student one checks.
6. Place all cards back in a stack and reverse roles.
7. Continue until all words are spelled by both students.
8. Peer evaluation

Extensions and Adaptations

- ▶ Use timer and read word cards.
